Running Press : The Big Lebowski Kit: The Dude Abides before purchasing it in order to gage whether or not it would be worth my time, and all praised The Big Lebowski Kit: The Dude Abides:

Guess I couldn't bring myself to toss it out. It's barely usable. I attached a pic to show. What a waste of money. Down to one star. Edit #1: After two weeks of trying to flatten out the mouse pad, it's still keeping its rolled-up shape. I'm lowering my review to two stars. I'd put it at one, but the mug holds coffee, so ... I guess I basically bought an expensive mug with poor quality control. Not recommended. It's pretty good for the price, but there are manufacturing and packaging issues. The mug has two graphics, one on each side of the mug: on one there's Walter and the Dude, and the other has the quote, "I'm staying ... finishing my coffee." Great quote, but the printing was uncentered, tilted about 15 degrees to the right. Shoddy quality. As for packaging, the Achiever certificate is folded in 4ths, which is silly--if I actually wanted to do anything with it, I'd have to iron out the folds. I might as well just print one up myself. Not a big deal, but it is a sign that whoever made this didn't put much thought into how it was going to be used. Far worse, though, is the mouse pad, which is the real reason I bought this--to really tie the cube together. It's rolled up in the box ... and what does rubber want to do when it's been rolled up for some time? It wants to stay rolled up. Not very useful as a mouse pad, but hey, at least it smells like horrible chemicals! Here's hoping placing it under some heavy books for a day or two fixes that, but if not it's going back. 9 of 9 people found the following review helpful. This aggression will not stand, man. By Schuyler Smith I bought this primary for the mouse pad. All the other things are an awesome bonus. However, the mouse pad comes rolled up in the box and when I took it out, it was wavy. When I try to lay it flat, it would not. Even after putting a stack of heavy books on the pad, it would still retain the same waves. I'd be happy to give this product 5 stars if someone knew a way to make it permanently flat without ruining it. 5 of 5 people found the following review helpful. hence won't sit flat on my table rendering it completely useless. I wanted to be a Lebowski urban achiever. By Michael Borgen I really had my heart on the Lebowski themed "rug" mouse pad to tie my room together, but it comes shipped tri-folded, hence won't sit flat on my table rendering it completely useless. I wanted to be a Lebowski urban achiever, so I even tried ironing the mouse pad and placing heavy weights on it to straighten it out

without success. I returned and ordered another one of these kits, but had the same exact issue. The included book is meh, nothing too exciting but a couple of pictures, the tee is pretty much a Halloween surplus giveaway and the mug isn't very inspiring with its black and white graphics. The urban achiever cheap, and folded up was unfortunately the highlight of the pack :(

In 1998 the Academy Award-winning Coen brothers released the film *The Big Lebowski*, the hilariously quirky comedy-thriller about bowling, avant-garde art, nihilistic Austrians and a guy named . . . the Dude. Starring Jeff Bridges, John Goodman, Julianne Moore, Steve Buscemi, and John Turturro, *The Big Lebowski* has grown into a cult classic more than a decade after its original release. Now Achievers everywhere can enjoy *The Big Lebowski* Kit: a boxful of fun, Lebowski-style, with: Oriental-rug mousepad that really ties your desk together Severed big toe with polish! (rubber) Little Lebowski Urban Achievers Certificate 32-page book with trivia and images from the film Its great fun for everyone even nihilists!
