**DK Publishing : The Book of Bond** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Book of Bond:

Not exactly shaken or stirred.....By Lindsey Cancino A bit of a disappointment as I thought this was supposed to be something of a new take on an encyclopedia of the Bond films but it is little more than a reprint of photos from the films with generic prose printed on the film in question. Might satiate a novice's passing curiosity on the subject of the cinematic Bond or serve as a diversion in a dentist's waiting room but will do little else. Was expecting more I'm afraid. 0 of 0 people found the following review helpful. Five Stars By BETOBOND thanks my friends 0 of 0 people found the following review helpful. Five Stars By Gregory T. Witness the Gadgets, the Style, and the Story. The Book of Bond examines the style and charisma of Bond himself, his

most memorable confrontations, and introduces each one of his 23 films. Includes spectacular movie images capturing classic Bond moments and enhanced with memorable script quotations and fascinating props. 007 [Gun Logo] and related James Bond Trademarks 1962-2010 Danjaq, LLC and United Artists Corporation.
