If you are Irish, you're gonna laughBy Hot CookieI've read all of the Feckin' collection and I will say I was amused. I can't say I laughed outright, but being the product of an Irish mother, a lot of the quotes in this book, I've heard before, so right on. If you like all things Irish, this book is a must as is the rest of the collection. If you are Irish, you'll probably be bored, because you've heard it all before. I will say the author, Colin Murphy, has indeed proven himself a true Irishman in that all the quotes he has included are from authentic Irish culture, not made up.1 of 1 people found the following review helpful. Celtic GemsBy Curtis WellsThe fun of the Irish--interesting and entertaining quotations of Irish "Sages" and Gombeen men all in the same volume.AQ good bedside reading!!!

Ever dreamt of cutting dead some annoying fecker in the pub with a razor-sharp witticism? Ever imagined bringing your boss down to size with a turn of phrase that cuts the ground from under him? And wouldn't you just love to open your door to a smugly grinning politician and wipe the smile off his face with a remark so pointed it stabs him through his empty heart? The good news is that all those Irish masters of the spoken and written word -- Wilde, Behan, Shaw and many more -- have done it for you. They've a stinging or witty quotation for virtually every occasion and they are all contained within. All you have to do is take the words out of the master's mouths

About the AuthorColin Murphy and Donal O'Dea are both employed as senior creative staff in one of Ireland's leading advertising agencies. Colin Murphy is Creative Director with a background in copywriting , while Donal O'Dea is a senior Art Director. They have worked together as a team for over a decade and have won more awards for creative advertising than any other team in Irish advertising/marketing.
