here: Mikey and the pop rocks, the baby-in-the-oven, and of course, the chicken-fried-rat -- I get spine-tinglin' shivers just thinkin' about them! It's the perfect page-turner and great for slumber parties, camp fires and weenie-roasts (just be sure to check the meat!)...1 of 3 people found the following review helpful. Super Funny!!!By A CustomerI met the person who wrote this book on a plane and she gave me her book. I loved it! I let my friend burrow it and he loved it and we have another friend who wants to read it now. I would read this book again. I would like to say thank you to the author of the book.1 of 3 people found the following review helpful. Fun for grownups tooBy Gerald McKarlI'm a fan of urban legends, and have read Dr. Brunvan's books, so I picked this up for my son. We had a good time reading it (its gross in some parts, but he didn't mind!) also has an chapter by Dr.Brunvan. I'd recommend it.

It looks like it's going to be another normal day for Eric--until he gets out of bed. Everywhere he goes, someone has a stomach-churning, disgustingly gross story to tell him!.
