Andr Bazin : The Cinema of Cruelty: From Buuel to Hitchcock before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cinema of Cruelty: From Buuel to Hitchcock:

Perhaps the single most important voice of cinema in the twentieth century, Andr Bazin profoundly influenced the development of the scholarship that we know now as film criticism. Bazin has acutely analyzed the cinematic values of our time, extending to his international audiences the impact of art for the understanding and discrimination of his

readers. The depth and logic of his commentary has elevated film criticism to new heights. The reputation of André Bazin continues to grow as his writings are published and studied by filmmakers and filmgoers alike. Often referred to as the Edmund Wilson of film, Bazin was more than a critic. He made me see certain aspects of my work that I was unaware of, said Luis Buñuel. He was our conscience, wrote Jean Renoir. He was a logician in action, echoed François Truffaut. In *The Cinema of Cruelty*, François Truffaut, one of France's most celebrated and versatile filmmakers, has collected Bazin's writings on six film greats: Erich von Stroheim, Carl Dreyer, Preston Sturges, Luis Buñuel, Alfred Hitchcock, and Akira Kurosawa. The result is a major collection of film criticism.

About the Author
André Bazin was born in Angers, France, in 1918. Critic, theorist, essayist, and teacher, Bazin is, as Truffaut notes, the most widely published and translated film critic outside of France. Bazin's work and writings have attracted an international audience of filmmakers, directors, and viewers. He passed away in 1958 at the age of forty. François Truffaut was an influential film critic and filmmaker and one of the founders of the French New Wave. He is most notably known for his 1962 film, *Jules and Jim*, and was not only one of the most respected filmmakers of his time, but was also a close personal friend of André Bazin. Truffaut passed away in 1984 at the age of 52.
