Ernest Mathijs : The Cinema of David Cronenberg: From Baron of Blood to Cultural Hero (Directors' Cuts)
before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cinema of David Cronenberg: From Baron of Blood to Cultural Hero (Directors' Cuts):

A fully comprehensive account of David Cronenberg, one of North America's most successful filmmakers, this title charts the development of this unique director from low-budget exploitation and horror to the mainstream.

Overall, however, this is an absorbing and readable volume that amply demonstrates the richness of Cronenberg's work. (Martin Fradley *Film Quarterly*)
