Great images and information on the origins of cinema through the end of the Golden Age. 0 of 1 people found the following review helpful. Five Stars By D. Fratini This is the quintessential history of Hollywood at its peak. 0 of 2 people found the following review helpful. Great By Derek Moskal Got this book for a film class I was taking in college. It provided me with what I needed, at the best price online.

How films are conceived,planned, and produced leaves a mark upon the films, directly and structurally. The relations between film style and mode of production are, according to the authors, reciprocal and mutually influencing. The authors trace such topics as style, economics, and technology over time, demonstrating how significant changes occurred in Hollywood from the earliest days through the sixties.

"A tour de force... destined to become itself a classic in film studies and a magnificent introduction to the American cinema for a much wider audience... 'The Classical Hollywood Cinema' will surely arouse discussion and debate--how could it not, since no one who studies film at whatever level can henceforth ignore it." (American Film)"This brilliant achievement will not soon be surpassed. It will be the foundation for all future research in the field..."
