Steven Appleby, Art Lester : The Coffee Table Book of Doom before purchasing it in order to gage whether or not it would be worth my time, and all praised The Coffee Table Book of Doom:

0 of 0 people found the following review helpful. Love it!By rona.If you know someone who needs a reality check buy them this book! Priceless!1 of 1 people found the following review helpful. Book of DoomBy Jessi MI love it. Its witty, creative, and makes being paranoid fun. Some of the more scientific wording gets me caught up, but I love to learn, so when I come across anything I do not understand I research it. Everyone should read the Coffee Table Book of Doom. Its a eye opener and will make you really look at the world, while it lasts!1 of 1 people found the following review helpful. Great giftBy mark hepburnBought this as a gift for a gen-x son with a dark sense of humor. This is right up his alley. He'll love it.

The Doomsday clock is ticking could this really be the end of the world? Remember the good old days, when all we had to worry about were those Four Horsemen of the Apocalypse from the Bible: Pestilence, War, Famine and Death?

Well, now we have reason to believe that there are more than just four horsemen. Many, many more. The Coffee Table Book of Doom is a handy guide to all the ways you and everyone else might cease to exist. It might not be able to save you, but it can make Doomsday a lot more fun. Buy this book. Take a deep breath. Then read like mad who knows if you'll have enough time to finish?

Seriously funny funnily serious. Jonathan Sale, The Daily Telegraph Our favorite book of the year so far time to face the future, feel the fear and laugh in its face. Time Out London "Cartoonist Steven Appleby and writer Art Lester will dazzle and depress you with the breadth of their end-times arcana... the tone is brisk and Appleby's cartoons have a roughhewn charm that recalls the work of Roz Chast." The Washington Post "Half funny, half terrifying... a lighthearted, but deep look at what makes us human." U.S. News World Report About the Author STEVEN APPLEBY is a cartoonist, illustrator, and artist living in the UK. He is the author of over 20 books and the hugely successful cartoon series Steven Appleby's Normal Life. Originally from North Carolina, ART LESTER is a writer, journalist, and Unitarian minister who lives in London. He is the author of the prize-winning Seeing with Your Ears: Spirituality for Those Who Can't Believe.
