In all the times we've seen the movie we never noticed John Wayne wearing a wedding ring throughout, or the character Guppy standing by the fireplace in the scene in the widow's house. The author tells what was cut from the movie (including Guppy's storyline and political overtones) and why, a useful lesson for would-be directors. The author has worked hard to find the name of each bit player, extra and double, if you're that interested, and the exact location of each scene. Lots of photos.0 of 0 people found the following review helpful. A wonderful COMPLETE guide as the title saysBy VizierA wonderful COMPLETE guide as the title says. If
