Joanne Parrent : The Complete Idiot's Guide to Filmmaking before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Idiot's Guide to Filmmaking:

0 of 0 people found the following review helpful. Five StarsBy sergio deltoroGreat book for the price0 of 0 people found the following review helpful. Five StarsBy Kevin GetchiusTeaches idiots how make a move good buy.1 of 2 people found the following review helpful. Plagiarized at least in partBy G. BerryJoanne Parrent plagiarized an article I wrote in 2000 called "Film Festival Strategy: Guerilla Marketing" and published it in this book under her own name. I contacted Mike Saunders, the editor of the book, and he admitted that she had used my work without permission. I sued them but lost, they had much better attorneys than I did. Anyway, you can enjoy my writing in this book if you decide to purchase it. I agree with the other reviewer that said the book was a "wanna be's dream and a professional's nightmare". Except the part I wrote, can't remember which pages they were but just look for the word for word copy of my article. You can Google my version and compare and contrast.

The most comprehensive introduction to film making. Some how-to books on filmmaking focus on making specific types of films, such as short dramatic films or documentaries. Others focus on one aspect of filmmaking, such as directing or editing. Still others focus on a particular medium, such as digital filmmaking.
