The Critical EyeBy JChipThis is a very short,

concise filmmaking book that is easy to read and has lots of pictures. It is my textbook for class, but I really am enjoying reading it. 1 of 5 people found the following review helpful. Photo is NOT Accurate By Taryn Mueller The photo that is used to represent the product shows the FOURTH edition of the book, and I was sent the THIRD edition. Yeah, it seems like that kind of stuff wouldn't matter, but when you're a college student using .com to get textbooks and you need to get a certain edition, it makes all the difference.
