Arthur Miller : The Crucible: Screenplay before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Crucible: Screenplay:

0 of 0 people found the following review helpful. Arthur Miller's Crucible Script for film By Carol Batchelder Knowing the play very well, I bought the film script for my aspiring film director grandson who is writing and rewriting a story for a film of his own. His story is set in the same time period as the Crucible. Miller handles the dialogue of the time extremely well. Furthermore, the introduction written by Miller illustrates the problems encountered in writing a film

script as opposed to a play for theater. The director wrote an introduction, too, outlining the actual process of making the film. I felt both of these accounts plus the example of the script itself might encourage my young man.⁵ of 7 people found the following review helpful. Chilling and emotional
By Barry
This film manages to be chilling and haunting without being classified as such a film. The subject is one of immortal controversy, of a religion that has been debated about from the beginning of time: witchcraft. Women were mistakenly burnt, being accused of practicing witchcraft, which in reality is a more peaceful and earth-rejoicing religion than most others, though most people wouldn't have you aware of that. Women were stripped, hanged, burnt and maimed in front of all the village people. I myself have read much on the religion and that contributed all the more to my disturbance but pure enjoyment in watching this film. One of the times I watched it I started crying. It's so sad the trials and hysteria that took place. The people who were under the illusion they were doing God's work, when really they were killing innocent people. Sad. The film has a tremendous script, solid directing and excellent, spooky acting. A great thanks to the camera angles in contributing to the overall haunting feeling of this film. A chilling and emotional experience.

The masterpiece of American drama is now a major motion picture from 20th Century Fox, starring Daniel Day-Lewis, Winona Ryder, and Paul Scofield. Set during the witch hunts in Salem, Massachusetts, in 1692, *The Crucible* recounts the vengeance, mass hysteria, and collective evil that poisoned this small town. photos, some in color.
