Scott Meyer : The curse of the Masking Tape Mummy: Basic Instructions before purchasing it in order to gage whether or not it would be worth my time, and all praised The curse of the Masking Tape Mummy: Basic Instructions:

5 of 5 people found the following review helpful. The third Basic Instructions book is a riot! By DxSI got into Basic Instructions a few years ago. Dilbert's author, Scott Adams, mentioned how much he enjoyed BI and encouraged his readers to check it out. Under the typewritten, apparently-serious instructions on each panel is a story that somehow goes horribly off the rails. This third installment includes all my favorite characters--Ric (both versions), the Moon Emperor, Rocket Hat, Mullet Boss, Angry Customer, Omnipresent Man, the Knifeketeer, the Judger, and, of course, Scott and Missy. Also, Jenkins is starting to come into his own. There are also a few surprise extra features at the beginning and end of the book. Scott Meyer's humor can be subtle and dangerous. Don't sip a beverage while reading or for a minute or two after. 0 of 0 people found the following review helpful. Love this guy's humor!!! By CarrieFiveOI find every single one of his comics funny. I haven't read one yet that didn't strike me as funny, and I've read three of these books so far. (I'm putting this same review on the three that I've read.) 0 of 0 people found the following review helpful. Great book By mhonaker Great book I use it to help me go to bed, not in a bad way, it helps calm my mind.

Basic Instructions, the webcomic of sarcasm and schadenfreude is back and as consistently surprising as ever! Helpful advice includes "How to Gloat Over Your Captured Enemy", "How to Prepare for the Apocalypse" and much more!

Basic Instructions are your all inclusive guide to a life well lived.' If you attempt to follow this advice, and your life goes hilariously askew, we apologize in advance, although not very sincerely.
