Angus MacLachlan : The Dead Eye Boy - Acting Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dead Eye Boy - Acting Edition:

1 of 1 people found the following review helpful. Long live brilliant drama. By Diane C. Pounsberry I've never read a play more disturbing. The relationships are amazing, the characters themselves so well formed and shaped...It's looking into the mirror. Looking at what you see in these characters, and all their messed up lives and baggage, and then finding it in yourself and wanting to seriously change. This play will offend you and move you as you watch

these characters careen downhill into an ultimate and final end.
