**Michael Ryan : The Dirtiest Toilet Humor Book Ever** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dirtiest Toilet Humor Book Ever:

Four StarsBy Martese S.Humorous2 of 2 people found the following review helpful. Terrible ValueBy ScotinAZI don't know how this author could justify the price for a book of just 58 pages with lots of blank space. If I had picked it up in a bookshop I would have put it straight back on the shelf. It could be read in one sitting, so to speak. It's only mildly funny in places and contains anecdotes that I've read elsewhere.

I am speechless. The Dirtiest Toilet Humor Book Ever is the most disgusting, crude book I have ever read. I am ashamed to say my son wrote this. Where did I go wrong? -Mother of Author Michael Ryan, too embarrassed to give her name "I succeeded! It is clear that my superb parenting skills paid off. The Author, Michael Ryan, tells the A to Zs of shit taking. He demonstrates his expertise on the always funny material of the infamous #2." -Proud Father of Author Michael Ryan, who's wife wouldn't let him give his first name

The Dirtiest Toilet Humor Book Ever was written for anyone who wants to laugh out loud about the topic of taking a crap. Author Michael Ryan displays his expertise on the often unspoken everyday experience of going to the bathroom. He dissects every imaginable issue from the toilet paper texture to the writings on the bathroom stall doors. A few of the many other topics covered are: types of doody, locations, bathroom spray, courtesy flush, the bidet, what to do while going to the bathroom, types of farts, clogging the bowl, activities, wiping (sitting vs. standing), diarrhea, hemorrhoids, girls, masturbation, constipation and public toilets in various countries.

About the Author Michael Ryan grew up in Chicago, Illinois with his loving mother, caring and beautiful sister and perverted father and brother. His friends, family and traveling experiences alongside his frequent visits to the toilet have allowed him to gain a firm understanding and appreciation of the peculiarities of the bowel movement. He is considered an expert in the field amongst his peers.
