Not only are the photos incredible, sexy, clever, imaginative and beautiful!!!! But the little interviews are absolutely fascinating. What an amazing record of the burlesque scene as it currently is and how the performers feel about what they do. It's brilliant, liberating. It so makes me want to go to a burlesque show. I bought myself a copy and one for my Dad for Christmas. He too loved it. It's full of really colourful, interesting pictures. A truly great coffee table book or one for general interest reading. There are also some really cute entries. Highly recommended!!.

'The Domestic Burlesque' is a beautifully produced large format book of photographs by Swedish photographer Elsa

Quarsell, portraying burlesque performers in the full glory of their costumery and, uniquely, posed at home.
