Richard Kelly : The Donnie Darko Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Donnie Darko Book:

1 of 1 people found the following review helpful. Love the Darko madness, great book! By B Beckner This book is filled with all sorts of information, pictures and facts and more. Also has a condensed version of The Philosophy Of Time Travel added to it. It's like two books in one. A must for the collector! And also a great suggestion for the Darko fan reader. I really liked it. I've read it over and over again. Even if your not a fan yet, give it a read. This could be your new beginning. 1 of 1 people found the following review helpful. Great Supplement for the Movie! By carnation As a

huge fan of the cult classic movie, I was thrilled to get this book. Every time I watch the movie I learn something new (and I've seen it quite a few times), and this book explains some of those things in greater depth. Roberta Sparrow's time travel book is inside this book too, which I had ALWAYS wondered about!!!0 of 0 people found the following review helpful. Five StarsBy patriciaBought as a gift and he loved it!

A companion volume to "one of the most original works of recent American Cinema"*Donnie Darko was the surprise cult hit of 2001. Appearing nationwide on critic's year-end top-ten lists, the quirky independent film's effortless blending of science fiction, horror, adolescent angst, and social satire defied description while simultaneously providing "an unexpectedly poignant catharsis for Sept. 11 blues" (Jan Stuart, Newsday). Its Mbius strip-like narrative about Donnie, a troubled teenager who can see into the future, continues to inspire fans to obsessive heights. The Donnie Darko Book includes the film's screenplay, an in-depth interview with writer-director Richard Kelly, facsimile pages from The Philosophy of Time Travel book that Donnie uses to go back in time, as well as photos and drawings from the film and the artwork it inspired.

Few filmmakers of any age have blended the sensibilities of pop and art so effortlessly, or combined them with such a haunting tale of loss and redemption. Andrew O'Hehir, Salon*The most original and venturesome American indie I've seen this year. J. Hoberman, Village Voice[The] kind of movie that calls out not merely to be experienced but to be solved. Roger Ebert, Chicago Sun-TimesAbout the AuthorRichard Kelly is currently at work on his latest feature film, Knowing.
