He sent me a picture to make sure I got the right on. He is going to school for the blind but legally blind. He loves all shows. He is 20 and going into communications, so he thinks this will help him. Thanks! Got delivered on time.1 of 1 people found the following review helpful. One of my favorite books about Television!By KS62This is a great book about Daytime TV. I only wished that there had been a more updated version printed.It has tons of shows that aired on daytime TV. It covers Cartoons, Children's programs, Game shows, News shows, Soap operas, Sports programs, Talk shows and more. It gives you show air dates, a synopsis of the plot, its principle cast members and other pertinent info about the show. The writting is small and there is a lot of material packed into the 516 pages. Get a copy while you still can! I love this book!0 of 0 people found the following review helpful.
