Fun pictures - Spartan informationBy Bernie (xyzyz)Do the math 1,017-pages, only 700 dedicated to film the rest is an index of artists. Now in the 700 pages we have to stuff small four" square photos (about one per page), a few larger photos (all black and white), and 9,000 films (1896-1999); that leaves approximately one inch and a half page column to describe the title main actors and writing source.Some of the pictures ar fun, just knowing the film is made is useful. However that is all there is.1 of 1 people found the following review helpful. Worth It for the Film CreditsBy kametamorphicIf you like films this is an invaluable book.
