From Eighth Note Publications : The Flight of Another Bee: Score Parts (Eighth Note Publications) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Flight of Another Bee: Score Parts (Eighth Note Publications):

Mendelssohn's Songs Without Words is an incredibly famous set of short pieces. This arrangement is of a song entitled Spinner lied or Song of the Spinners which is reminiscent of the famous encore piece The Flight of the Bumblebee by Rimsky-Korsakov. Technical parts are found all throughout the ensemble and if taken at the correct speed, you'll have your audiences dazzled! This arrangement is dedicated to the fantastic players of True North Brass.
