A good introduction to the story of the Flying DutchmanBy Chris W.If you're planning to see the real thing - the opera, that is - it would be a good idea to know what the whole thing is about. Hence, this Kindle edition of Richard Wagner's 'The Flying Dutchman' will be a perfect introduction to the story as it provides the readers with a good English translation, the only flaw of which is the layout of the text, which could really use some editing.0 of 0 people found the following review helpful.
