**David Weinstein : The Forgotten Network: DuMont and the Birth of American Television** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Forgotten Network: DuMont and the Birth of American Television:

During the late 1940s and early 1950s, the name DuMont was synonymous with the new medium of television. Many people first watched TV on DuMont-brand sets, the best receivers money could buy. More viewers enjoyed their first programs on the DuMont network, which was established in 1946. This book examines DuMont's programs and personalities.
