SymondsDover have published Ottorino Respighi's 'Fountains of Rome' in a clear and easy-to-read edition. It faithfully reproduces the original Respighi score rather than the edited versions of other publishers. It is a true gem. Unfortunately, this is the only Respighi work currently published by Dover. It would be nice to see some more of his work published in this excellent and clear format. A great find.

Celebrated for his command of orchestral color and descriptive music of great lyrical beauty, Ottorino Respighi (1879-1936) was among the most popular Italian composers of the early 20th century. This widely acclaimed symphonic poem exhibits the composer's characteristic combination of traditional elements with innovative tendencies. Reproduced here in full score from an authoritative source, it will delight musicians and music lovers.
