Though Jean is a heavy video poker player I find her strategies useful in my favorite games By Customer This book has helpful tips on how to get the most out of casino comp systems. Though Jean is a heavy video poker player I find her strategies useful in my favorite games. The whole idea

is making sure you understand the house edge and how to off set that edge in freebies and comps. If your looking for a book that will make you rich overnight playing penny slots then take a nap and keep dreaming but if you are serious about getting the most out of each gaming session then I highly recommend this book. I've become a smarter player and I've more than tripled my comps I've received all thanks to the helpful tips in this book. I have not struck it rich but I at least usually break even and even pull ahead with the comps. That's what gaming is for me entertaining and so is this book. 0 of 0 people found the following review helpful. Start here if you're thinking about gambling By Tim Burton Good solid usable information on getting the most out of your casino visits. Explains where to start in your search for casino comps. Learn the low-roller secrets for: Staying free at hotel-casinos Beating casino promotions Eating and drinking on the house Playing video poker for profit Getting bumped from airplanes and flying free Though Jean Scott was well-known to a select few Las Vegas aficionados throughout the '90s, it wasn't until the publication of *The Frugal Gambler* in 1998 that she became a household name to casino players across the country. Since then, it's likely that no gambling personality has been featured more often in the media than this "Gambling Grandma." Her frequent national publicity, her long-term success in casinos around the world, and the solid low-rolling advantage-play techniques she's divulged along the way have all helped catapult *The Frugal Gambler* into the ranks of best-selling gambling books. And now *The Frugal Gambler* is completely revised and updated. New information includes a completely revamped chapter on video poker, updated coverage of getting the most out of slot clubs, recent examples of exploitable gambling promotions, and a brand new Resources section, identifying the best sources of player information available--from books to software to the Internet.

About the Author At first glance, Jean Scott appears to be what she is--your average 60-something retired English teacher from the Midwest. In her secret life, though, she's the most successful casino low roller in the country. Dubbed the "Queen of Comps" by CBS' "48 Hours," by using slot clubs, taking advantage of promotions and contests, gambling with coupons, and exploiting everything in the casino world that's even remotely vulnerable, Scott has developed a technique for getting everything she wants from the casinos from Las Vegas to Atlantic City. She has been featured on "Dateline," "Hard Copy," "To Tell the Truth," numerous Travel and Discovery channel documentaries, and "48 Hours."
