From St. Martin's Griffin : The Giant Book of Sudoku Presented by Will Shortz: 300 Wordless Crossword Puzzles before purchasing it in order to gage whether or not it would be worth my time, and all praised The Giant Book of Sudoku Presented by Will Shortz: 300 Wordless Crossword Puzzles:

0 of 0 people found the following review helpful. Exactly what I'd been looking forBy A. OwensI was thoroughly

please with this book! perfect and exactly what i'd been looking for. The only complaint I had was a small one, but expected. I purchased it used and a few of the puzzles had been solved (2 i think). Not a big deal at all, especially since the book was in PRISTINE condition0 of 0 people found the following review helpful. Great Sudoku as alwaysBy Dr. JI like Will Shortz's Sudoku books. I have gone through most of the Sudoku books and found them to take you through easy to "why did I decide to do this!" Great fun for those who like the fun of making their minds active. However, I am finding these harder to find and hope that Will Shortz continues to add to my fun.I think Sudoku means it's easy until you go to super challenge. Then you will spend a bit more time. You can do the easy to medium in pen, but as they get harder switch to a pencil with a good eraser!0 of 0 people found the following review helpful. Many hours of pleasure hereBy margoelmerThere are 300 puzzles here, ranging from very simple to rather difficult, though not fiendish. I never once had to give up on a puzzle or peek at the answers. If you like Kenken, this book is a bargain. Nice large pages, too.

The hottest craze in puzzles!From puzzlemaster and New York Times crossword editor Will Shortz comes sudoku, the new "wordless crossword" puzzle that's taking the world by storm! Once you start, you won't want to stop. These addictive puzzles are easy to explain--just fill the grid with numbers according to the few simple rules--but incredibly fun and engaging to complete. You don't need any mathematics knowledge: Just supply a pencil and an inquisitive mind.This brand-new collection features original sudoku ranging from effortlessly easy to devilishly difficult, along with an introduction from Will Shortz that explains these fascinating puzzles and how to solve them. If you're a crossword fan, a fan of logic puzzles, or just a puzzle lover in general, you will be engrossed and delighted with sudoku!

A puzzling global phenomenon The EconomistThe biggest craze to hit The Times since the first crossword puzzle was published in 1935. The Times of LondonEngland's most addictive newspaper puzzle. New York magazineThe latest craze in games BBC NewsSudoku is dangerous stuff. Forget work and familythink papers hurled across the room and industrial-sized blobs of correction fluid. I love it! The Times of LondonSudokus are to the first decade of the 21st century what Rubik's Cube was to the 1970s. The Daily Telegraph Britain has a new addiction. Hunched over newspapers on crowded subway trains, sneaking secret peeks in the office, a puzzle-crazy nation is trying to slot numbers into small checkerboard grids. Associated PressForget crocrosswords. The Christian Science MonitorAbout the AuthorWill Shortz has been the crossword puzzle editor of The New York Times since 1993. He is also the puzzlemaster on NPR's Weekend Edition Sunday and is founder and director of the annual American Crossword Puzzle Tournament. He has edited countless books of crossword puzzles, Sudoku, KenKen, and all manner of brain-busters.
