From Kalmus Classic Edition : The Graded Rameau (Kalmus Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Graded Rameau (Kalmus Edition):

0 of 0 people found the following review helpful. Worth the Purchase By Carine Topal There are many of my favorite pieces included here. I would have liked more of a variety. My old Rameau book, out of print, was my baroque bible!

This collection is the third in a series covering the Baroque masters. The editor chose a variety of the most beautiful works of Rameau, and has graded the works according to their musical and technical difficulty. All the ornamentation is original, based on the first edition published by Rameau himself, and all realizations are written out for ease in

reading and performance.
