**Cate Ludlow, Graham Jackson : The Grim Almanac of Georgian London (Grim Almanacs)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Grim Almanac of Georgian London (Grim Almanacs):

1 of 1 people found the following review helpful. Interesting collection of stories By B. B CLEMMERI purchased the kindle edition of this book and found the price to be reasonable for the book received. I would not pay the much greater price of the printed edition. It is an almanac style book with stories and descriptions of events taken from newspapers and Old Bailey online records for the Georgian period in London - almost like a crime of the day calendar. Some dates had several interesting events, others seemed to be reaching a bit. I have to read it in relatively small

segments - there is a lot of tragedy in here alleviated by bits of humor. You certainly get a sense of the brutality of the time along with period "color." There are no in depth discussions or information. I enjoyed reading it overall.3 of 4 people found the following review helpful. A Glimpse at Gritty Georgian London.By MRicchettiThough brief, the stories in this collection are very intriguing. Great for those interested in 18th century crime and punishment.0 of 4 people found the following review helpful. Two StarsBy Rhonda RichardsonSeriously?

The Georgian era was perhaps one of the most shocking, gory, vice-ridden, and downright surprising in the capital's history. From an anaconda attack at the Tower of London to a ghost in Regents Park, a murder at the House of Commons, a body-snatching case which horrified all of London, a murderer who advertised for a new wife in The Times, and a decapitated head in the churchyard of St Margarets in Westminster, it will terrify, disgust and delight residents and visitors alike. With 100 incredible illustrations from the rarest and most sensational true-crime publications of the age, no London bookshelf is complete without it!

About the AuthorGraham Jackson compiles collections on Georgian crime, amongst other subjects, for libraries, researchers, and writers across the globe. He lives in Surrey. Cate Ludlow is a Commissioning Editor at The History Press. She has been collecting rare books from the Georgian and Victorian eras for several years, and her previous titles include Dickens' Dreadful Almanac, a sanguineous collection of Charles Dickens' true-crime reports. She lives in Gloucestershire.
