Anon : The Guinness Book of Records 1997 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Guinness Book of Records 1997:

Features of the 43rd edition of this long-established annual reference book include a 12-page colour section on the 1996 Olympic Games, an entry on the Internet, and coverage of recent developments in architecture, computer-games records, and 1990s music.
