before purchasing it in order to gauge whether or not it would be worth my time, and all praised *The Heart of Vocal Harmony: Emotional Expression in Group Singing (Music Pro Guides)*:

4 of 4 people found the following review helpful. Excelerate your performance with the lessons in this book!By Brandon ReyesI'm not even done with this book and yet I used its message last week as the primary focus of a musical theater class I was teaching. If you're serious about making music your career or vocation, you need to be true to you and to the music you choose to perform. Your performance needs to come from your heart or else your act may be quickly forgotten.Deke Sharon writes just as he speaks and he tells you how it is. He gives wonderfully inspirational advice on things to think about when approaching a musical performance.I would recommend this book to any musician, actor, performer of any kind!0 of 0 people found the following review helpful. Wonderful guidance and advice for all singing groups - especially a cappellaBy B. J. SimonSome of my favorite chapter / section titles: Bravery, Joy, Lyrical Analysis, Living the Song, Inner Critic, and The Spaces Between. The book includes wonderful guidance and advice for all singing groups, especially a cappella. Dont miss the witty quotes paired up with the section titles (Han Solos quote Never tell me the odds for the section on Choices Solo) Particularly liked the last interview with the Vocal Coaches!2 of 2 people found the following review helpful. Deke gets to the heart of great vocal ensemble performancesBy JRDeke gets to the heart of great vocal ensemble performances, with lots of great stories, references, and tools you can use with your ensemble to up your game.

(Music Pro Guide Books DVDs). Most choirs spend their rehearsal time focusing on notes, rhythms, and precision. They rarely, if ever, discuss a song's meaning and feeling, even though those elements are precisely what draws people to the music in the first place. Thousands of books have been written about choral technique, teaching people how to sing technically well. What sets *The Heart of Vocal Harmony* apart is its focus on honest unified expression and the process of delivering an emotionally compelling performance. It delves into an underdeveloped vocal topic the heart of the music and the process involved with expressing it. *The Heart of Vocal Harmony* is not just for a cappella groups it is also for vocal harmony groups, ensembles, and choirs at all levels, with or without instruments. In addition to the process, the book features discussions with some of the biggest luminaries in vocal harmony: composers, arrangers, directors, singers, and groups including Eric Whitacre, Pentatonix, the Manhattan Transfer, and more!

About the AuthorDEKE SHARON (San Francisco, CA) is a cappella s most prolific arranger and producer, with credits ranging from Pitch Perfect to The Sing Off. Most recently, he can be seen on Lifetime Television s Pitch Slapped.
