Glascock I ordered this H2G2 CD version to complete my conversion of my Hitchhiker's 5 part collection to CD format and I am quite happy to have it, now. Douglas Adams' hilarious, yet amazingly profound adventure is an eternal classic at this point, 35 years after its first publication.... and Secondary Phase is an integral part of it....It is in perfect condition, arrived very soon after my order was placed and I, obviously, am delighted to have and listen to it! 5 Stars, for sure! Mahlon B. Glascock 1 of 1 people found the following review helpful. If you have any kind of imagination you will love this CD By Mark B. Nelson Classic story I never get tired of hearing. If you like British humor or you just like good story telling, your going to love the hitch hikers guide to the galaxy. The first time I heard it was in the 80's on cassette tapes. It is great to have it now on CD. Hearing the story is much better than watching the movie which was limited due to time restraints. 0 of 0 people found the following review helpful. My favorite series. The secondary radio phase is the only ...By Kelly Allison My favorite series. The secondary radio phase is the only version with multiple clones and anti-clones; it is really an interesting addition to the Hitchhiker's Guide compendium. The book does not include them, nor does the TV series nor the movie. Don't miss this portion of the incredible

Hitchhiker's series.

The second original series of The Hitchhikers Guide to the Galaxy has been remastered by Dirk Maggs (director of the Tertiary, Quandary, and Quintessential Phases) to give a full, vibrant sound, now with Philip Popes version of the familiar theme tune and specially re-recorded announcements by John Marsh. Stranded on Prehistoric Earth since the end of the first series, Arthur Dent and Ford Prefect are once again trying to hitch their way off the planet. Zaphod finds his visit to the offices of the Guide rudely interrupted by Frogstar fighters, who further threaten to feed him to the Total Perspective Vortex. Eventually reunited, the three fetch up on the planet Brontitall and discover the indigenous species in something of a flap. Arthur meets Lintilla (several of her), Marvin gets to be a hero once again, and there is a meeting with the Man in the Shack who apparently runs the Universe. . . Peter Jones, Simon Jones, Geoffrey McGivern, Mark Wing-Davey, Stephen Moore, and a full supporting cast star in these BBC Radio 4 episodes. Also included is a bonus 50-minute interview with Douglas Adams who died in 2001 in which he discusses his career and work. 4 CDs. 4 hrs.

About the Author Douglas Adams was born in 1952. He is best known as the creator of The Hitch Hiker's Guide to the Galaxy, which started life as a BBC Radio 4 series. He followed this success with The Restaurant at the End of the Universe; Life, The Universe and Everything; So Long and Thanks for all the Fish; Mostly Harmless; and many more. Douglas died in 2001.
