P. G. Wodehouse : The Inimitable Jeeves: A BBC Full-Cast Radio Drama (BBC Radio Collection) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Inimitable Jeeves: A BBC Full-Cast Radio Drama (BBC Radio Collection):

1 of 1 people found the following review helpful. Wodehouse is unequalled. He is simply the pinnacle. By Rod Leaveron Although Stephen Fry recommends "Carry On, Jeeves" as the best of the Jeeves canon, I like "The Inimitable Jeeves" even more. I keep re-reading it and never get bored. Reading Wodehouse is like listening to Bach: you're experiencing the very best in the craft. Whether you're Evelyn Waugh, Stephen Fry, or Christopher Hitchens they all agree that Wodehouse is unequalled. 0 of 0 people found the following review helpful. Lots of Fun - Heartily Recommended By Customer These are some of the earlier stories about the benighted Bertram Wooster and the brilliant Reginald Jeeves, his valet. The stories are generally centered around the predicaments Bertie's easy-going nature disposes him toward, usually arising from his desire to help a friend, and often due to Bertie's belief in his own cleverness. But Bertie is clever only to a point, at which he calls upon Jeeves to sort things out and put them to rights. In this volume, many of the short stories follow one upon the previous, loosely forming a novel. 6 of 6 people found the following review helpful. The Best of the Best By Doug - Haydn Fan The Twenties produced several notable works of fiction, and right there in with the best of them is this, the most delightful of all the Jeeves and Wooster entries. Composed of a running series of short stories originally published in the Strand and Cosmopolitan magazines,

"The Inimitable Jeeves" achieves its distinction through the remarkable quality level of the stories combined with the full blossoming of two of the more notable and best-loved characters in all of fiction, Bertie Wooster and Jeeves. They would be paired again many times, but here they are given probably the best pure story material they would ever enjoy. This was one of the most popular books of the twenties; first published in 1923, in a decade and a half it sold over 3 million copies. To put that figure in perspective, "Gone With the Wind", the best-seller to end all best-sellers, needed a full decade to surpass 3 million in sales. (Though admittedly Margaret Mitchell's tome came at a much steeper price!) If you like Wodehouse you'll love "The Inimitable Jeeves". Fans of the Hugh Laurie Television series will discover more episodes were adapted from this book than any two of the rest!

Michael Hordern stars as Jeeves with Richard Briers as Bertie in a BBC Radio full-cast dramatization. Just when Bertie thinks that all's right with the world, there's young Bingo Little, who's in love for the umpteenth time and needs Bertie to put in a good word for him with his uncle; Aunt Agatha, who forces Bertie to get engaged to the formidable Honoria Glossop; and friction in the Wooster home over a red cummerbund, purple socks and some snazzy old Etonian spats. Only the inimitable Jeeves can save the day.

From Publishers Weekly Starred . Martin Jarvis brings the madcap world of Bertie Wooster and his brilliant valet Jeeves to life with canny comedic timing and wildly varied voices that capture the essence of each of the many characters. In P.G. Wodehouse's classic stories about a gentleman and his gentleman's gentleman, we follow the hapless but lovable Bertie from one misadventure to the next: accidental engagements, calamitous lunches with the terrifying Aunt Agatha, clashes with noted nerve specialists and run-ins with bizarre political parties each imbroglio neatly put right in the end by the faithful Jeeves. Jarvis perfectly conveys the spirit and sheer joy of these beloved stories in an audio book that will delight both Wodehouse fanatics and newcomers to the author's work. An Overlook hardcover. (Apr.) Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. "In Double Star you can smell and feel and practically taste the future". -- Chicago Tribune From the Back Cover When Bingo Little falls in love at a Camberwell subscription dance and Bertie Wooster drops into the mulligatawny, there's work for a wet-nurse. Who better than Jeeves? This is the first Jeeves Wooster story Plum ever wrote. There's a wide collection of terrifying aunts, miserly uncles, love-sick friends and unwanted fiancés that make the plot really witty. Bertie gets into a bit of a trouble when one of his pals, Bingo Little starts to fall in love with every second girl he lays his eyes on. But the soup gets really thick when Bingo decides to marry one of them and enlists Bertie's help. Luckily, he has the inimitable Jeeves to pull him out of it.
