Jim Brickman : The Jim Brickman -- The Disney Songbook: Piano/Vocal/Chords before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Jim Brickman -- The Disney Songbook: Piano/Vocal/Chords:

1 of 1 people found the following review helpful. Good enough to be fun
By Geeky guy
This is the first music book I've bought from , and I guess I have to calibrate myself to the reviews. I don't consider myself to be much of a musician, so I thought that, based on the reviews, this book would be more challenging than it is. The arrangements are perhaps a bit more creative than the regular sheet music that you buy, but they are not really any fancier or more difficult, just different. For example, the left hand rarely plays more than one note at a time.
1 of 1 people found the following review helpful. Love his music and love this book
By Daniel
Love his music and love this book! Grew up listening to this CD so it is awesome that now I am able to play most of it. I wouldn't say it is the most difficult but does require good touch and timing while playing to make it sound really good
0 of 0 people found the following review helpful. Five Stars
By Torri McEntire
If you love piano, you will love this lovely book of best-loved songs.

Jim Brickman joins forces with the legendary Walt Disney Studios to bring an exciting new sound to the classic Disney musical library.
