From Hal Leonard : The King and I: 2015 Broadway Revival Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised The King and I: 2015 Broadway Revival Edition:

2 of 2 people found the following review helpful. Accurate, but very basic By Westerngirl I have purchased other music books in the past that were very detailed and complex, so I was not sure what to expect when I bought this book. I was looking for a vocal book that had the original songs from the musical. The book came quickly and in new condition, but was slightly disappointing. The songs are not in order in which that they are in the musical and many of them were

absent from this book. The music is accurate with being in the correct key, but the selections themselves are very basic and are aimed more for beginner vocalists and pianists. 2 of 3 people found the following review helpful. new arrangements By chrisimage has published it in better keyys

(Easy Piano Vocal Selections). A dozen songs arranged for easy piano from the classic Rodgers Hammerstein about a British governess in the Siamese Court.
