There is no vocal melody in the piano part, which is very nice if you want to accompany someone. I am a intermediate-to-advanced pianist and found some of the slower songs pretty easy to pick up but some are a lot more challenging and will require a bit of work to play perfectly. I picked this version over the original Broadway cast book because it included See I'm Smiling, where the original book doesn't. Some of the other songs are reworked into "solo" versions, such as When You Come Home to Me. It is very nice if you want to perform it.2 of 2 people found the following review helpful. Looooooooooooove The Last Five YearsBy Mari ZuluetaI love everything about this musical and purchasing this songbook was the best idea

ever. I've learned about half of the songs already but I admit, I'm a bit rusty. That darn Jason Robert Brown. You sneaky, sneaky, complicated man. He went crazy with these songs- I love it. I'd definitely recommend to anyone who loves Broadway, loves JRR, and loves the beautiful sound of piano. 0 of 0 people found the following review helpful. This is a wonderful addition to my music library By Joshua McCauley This is a wonderful addition to my music library. The complexity of the piano music would make it difficult to use with a house accompanist doing a cold read of the music for an audition.

(Piano/Vocal/Guitar Songbook). Jason Robert Brown's popular Broadway musical *The Last Five Years* was adapted for the screen in 2014 with Anna Kendrick and Jeremy Jordan playing the leading roles in this dramatic comedy. Our songbook features 14 songs as presented in the movie: *I Can Do Better Than That* * *If I Didn't Believe in You* * *Moving Too Fast* * *Nobody Needs to Know* * *A Part of That* * *See I'm Smiling* * *Shiksa Goddess* * *Still Hurting* * *When You Come Home to Me* * and more.
