He needed to come up with a song for his first piano recital and we found this music. It was a little advanced for him, but with practice, he was able to play the opening Zelda theme for one of his selections at his recital and he played it perfectly. He loves all the songs and I'm sure will use this music for some time! 2 of 2 people found the following review helpful. Simple and fairly easy. Great for beginners. By Guitarherosix Lots of great songs. I have no complaints about the selection of the songs. I've been playing for six months and most of these songs are within my ability range but there are some that are challenging. I would recommend this to anyone who has been playing for six months to one year. If you've been playing longer, you might

want to pick up the regular version.3 of 3 people found the following review helpful.
