**From Alfred : The Legend of Zelda Series for Piano: Piano Solos** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Legend of Zelda Series for Piano: Piano Solos:

ruining it with ugly creases! we also have the super mario for piano and for guitar and all of them have this problem. it would have been better spiral bound.2 of 2 people found the following review helpful. i think the arrangements are great - there are a few more accessible pieces in ...By Griffin JohnstonI mistakenly got the intermediate/advanced book now knowing there was a beginner version out there - so it took me a bit of time to work up to this - however, i think the arrangements are great - there are a few more accessible pieces in here, as well as pieces that will challenge even the advanced pianist. The song choices are a little repetitive in my opinion - there are so many "theme" and "field" pieces from each game that have slightly different feels to them, but are in many ways variations on the same basic idea. There is so much iconic music in the series by Koji Kondo, that it is a shame that a lot of great music ends up getting left out. Still a great collection, but it did leave me wanting more.0 of 0 people found the following review helpful. He loved it, so I love itBy JustinBought this as a gift for a friend who plays piano professionally and games casually. He loved it, so I love it. He did have to pause at a few points when playing through it (while he otherwise just blasts through sheet music the moment he sees it), so that was a fun "challenge" for him. Also, I got a free mini Zelda concert, so we all win.

After decades of anticipation, Alfred is proud to release the officially licensed, collectible sheet music companion folios to The Legend of Zelda(tm) video game series. The 33 arrangements in this intermediate-advanced piano edition are note-for-note transcriptions of instantly recognizable melodies beloved by generations of gamers around the globe. From Koji Kondo's iconic "The Legend of Zelda(tm) Main Theme" to The Legend of Zelda(tm): Spirit Tracks themes, the dozens of pieces in this book represent two and a half decades of Nintendo(R) video game favorites. Adding to the fun, graphics from the corresponding games grace each page of the sheet music. Impress friends, family, and audiences of all ages by playing from this magnificent collection, which makes a great gift for every pianist.
