If I want to do a complete read-through then this book would be great, but I like to have the walkthrough chapter open while playing and only consult it if I get lost. This book makes it impossible to do this without also having to go to 2 different sections to verify that I have collected everything while I am there. 1 of 1 people found the following review helpful. Short and effective By Hayden Zinico Marsh A direct guide to play the game of Wind waker, and contains a short guide for Ocarina of time,

too. So short, though, that sometimes it's hard to figure. But nothing that will wreck a player. 1 of 1 people found the following review helpful. Good guide
