**Tim Tully, Paul D. Lehrman : The Library of Easy Piano Classics** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Library of Easy Piano Classics:

I'm 'late intermediate' so I don't find heavy-duty challenge pieces in this book (I go to The Big Book of Classic Music" for challenge pieces for challenge pieces). Pieces like "Moonlight Sonata" which is written in E Major with 4 sharps, but in this book, the piece is in F major with only a B flat - much easier to play. I also love the easy version of "Clair de Lune". This book is loaded with many different pieces so it's worth the money. And it's spiral

bound making it easy to open and stay open. 2 of 2 people found the following review helpful. Not Easy By D. Ricks Not as advertised. This is NOT an easy book. If you are an advanced player you may like this book. If you have had less than 3 years piano lesson do not buy. The pieces are difficult and frustrating to play. If you want something challenging to work towards you may enjoy this book. I was hoping to have pieces that I could just sit down and play for enjoyment. Something EASY. Therefore it did not meet my expectations. The book itself is nicely put together and has a large selection of music. The font is way too large and that makes the pieces several pages long. Most would have fit nicely on 2 pages. 2 of 2 people found the following review helpful. This book is perfect for someone like me who has played the piano ... By Nancy This book is perfect for someone like me who has played the piano in the past, has neglected their music, and now wants to return to it. The classics are presented in very easy, easy, more difficult, and very difficult. There are lots of choices for all, according to their present abilities, and more choices as their skill increases.

(Music Sales America). A treasury of pieces for easy piano that have captured the imagination of music lovers. Includes: Clair de Lune \* Country Gardens \* Melody in F \* Pachelbel's Canon \* Albeniz's Tango \* and much more. Spiral bound.
