C. S. Lewis : The Lion, The Witch, and The Wardrobe A story for Children before purchasing it in order to gage whether or not it would be worth my time, and all praised The Lion, The Witch, and The Wardrobe A story for Children:

1 of 1 people found the following review helpful. The one that started it all! For boys and girls and children of all ages!By William N. SargentYou seen the film, now read the book! One of the few times the film has been as good or nearly so as the source material novel. Of course a book provide to all those in reaching the little details that can't be captured on the silver screen.1 of 1 people found the following review helpful. A gem...!By Rachel CairnsThis is a lovely copy of this book. I am reading it aloud to my son who is in 4th grade this year before bedtime. He is loving it. It is a complete classic. I think I may try and find the next ones in the series in this style with the old fashioned drawings included. I would highly recommend this book as it a real gem.1 of 1 people found the following review helpful. The First Book in the Narnia ChroniclesBy Dr. BellThis is the first book Lewis wrote about the magical world of Narnia. It is in an alternate dimension from ours, reachable through an enchanted wardrobe in an old country house. How 4 children discover the world is just the first part of this classic children's adventure. When they all do enter the world they find they are in place where all the creatures who make up our mythology are real and where a witch has cast a spell so that it is always winter but never Christmas. Their coming, though, has been foretold and sets in motion a confrontation between the witch and the rightful King of Narnia, a wise but dangerous lion named Aslan. How he breaks the spell over the land is alternately scary, heartbreaking and rousing.

1950: by C. S. Lewis - 154 pages.
