**J Edward Neill : The Little Book of Big Questions (Coffee Table Philosophy) (Volume 11)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Little Book of Big Questions (Coffee Table Philosophy) (Volume 11):

0 of 0 people found the following review helpful. Five Stars By Marie Case Giving to my 20 something college nephew so I don't know yet.

Thinkers, questioners, and science buffs, behold! The little book of BIG questions contains more than two-hundred unique conversation starters and thought igniters, all in the form of fun questions. It's the book for every coffee table. It's meant to be read in the company of others...or all alone beneath a starlit sky. We all want to know the origin of the universe, the reasons why life exists, and the driving forces behind humanity. Use this book to light the fire in your mind. Once you taste one question, you'll want to answer them all... The little book of BIG questions is a compilation of two books in the Coffee Table Philosophy series. It includes the complete volumes 101 Deeper, Darker Questions for Humanity and 101 Questions for the End of the World.

From the Author  
A pair of sample questions to give you a taste of what to expect: \*\*\*The Heist -If you could steal any one thing in the world and make it yours forever, what would it be?It can be an object, a person, a life situation, a place.You won't get in any trouble for taking it.No one will ever know.Well?\*\*\*  
Butterflies - The Butterfly Effect is defined as:The phenomenon whereby a small change within a complex system can have large effects elsewhere.In other words, a butterfly making the smallest alteration in the wind might set off a chain reaction causing a hurricane two weeks later on the opposite side of the world.Or something like that.Think of an important event that has taken place during your life or the life of someone you know.Now think about how that event came to be.What was the butterfly?  
About the Author  
J Edward Neill is the author of sci-fi hit A Door Never Dreamed Of. He's also the author of the dark fiction series, Tyrants of the Dead, the co-author of Hollow Empire, a six-part medieval opera, and the creator of the Coffee Table Philosophy series, spanning ten books and 1,000+ party-ready philosophy questions. He's published multiple short stories for Kindles galaxy-wide. Catch up with J via his websites: [TesseraGuild.com](http://TesseraGuild.com) and [DowntheDarkPath.com](http://DowntheDarkPath.com). A reader of mass quantities of fantasy and sci-fi, J Edward became obsessed with writing fiction in early 2001. On one bitterly cold morning in the lowest corridor of his cubicle, he set fingers to keyboard and began hammering away on what would become a much larger project than he ever imagined. Since that day, he's spent nearly all his free time lost in his daydreams, conjuring ways to write the kind of stories he always loved as a child. J Edward currently lives in the 'burbs of North Georgia, where he moonlights as a foodie, a sipper of too much pinot noir, and the most cantankerous member of his small but beloved family.
