From Sterling : **The Little Giant Book of Dominoes (Little Giant(r) Books)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Little Giant Book of Dominoes (Little Giant(r) Books):

0 of 0 people found the following review helpful. Little Giant for Dominoes By Lori This little book is full of different games. You can find everything from a simple game for those who do not want to think to much...to some that take a lot of brain power! 0 of 0 people found the following review helpful. Five Stars By Robert Reynolds Outstanding!

With more than 350 pages of instruction, games, diagrams, and strategy, this is the biggest and best book about dominoes ever! It will open up a whole world of entertainment, starting with the most basic skills and principles and ending with ideas for tournament play. So get out your tiles and begin learning what makes up a suit, how to score, and how to add your domino to the developing structure. Analyze entire games, all laid out for you to see easily. Have fun trying the incredible variety of variations: blocking games like Latin American Match; scoring ones, such as

Merry-Go-Round and Sniff; Trumps and Tricks, including Nel-O and Plunge; and several solitaire versions. Or use special sets that have a different number and style of dominoes. There's so much fun packed in this tiny volume that you'll want to take it--and your dominoes--with you everywhere.
