Love the coloring each key for each day they practice. Coordinates with the other books they are using. Great price! I am not longer looking in their books for what they are supposed to do, books last longer since we aren't writing on every page.0 of 0 people found the following review helpful. Good for young childrenBy OnlineJust what I needed to add a short assignment. I give them stickers to add to the days they practice. (Faber Piano Adventures ). Young students will be delighted with their first practice book featuring Mrs. Razzle-Dazzle and the "friends at the piano." Each page features a different scene from My First Piano Adventure and a keyboard graphic. Students will build healthy practice habits when they color a key each day they practice.
