The music is very easy to read, yet is in the intermediate range. Not too tough for a beginner yet not too easy for someone who knows how to read notes. The cd has two tracks for every song; a demo track, with the instrument added, and a playalong track where you can play along like in an orchestra. It's amazing; I especially have been searching for Evenstar sheet music, but haven't found any as nearly as good as this book's sheet

music. The other songs are also tons of fun to play. Well worth it. 1 of 1 people found the following review helpful. Woops wrong review By Lindsay Wrote a wrong review on this, hopefully the first draft doesn't show! Good, not a fan that the violin piece is so small. The songs don't have much of a variety, pretty disappointed. 0 of 0 people found the following review helpful. Beautiful music! By Ben Awesome! I enjoy being able to play along with a pianist and when she is unavailable, the play along / demo CD is great to play with. The demo tracks are also beautiful to listen to. I like how there is a whole section for accompaniment and a section for just violin. As a beginner, I am already able to play a few! I enjoy these beautiful pieces very much!

Music from all three films arranged for string instruments. Desirable and collectible, these instrumental folios are loaded with black-and-white photos of scenes from all three films. They are printed on top-quality antique paper stock, and the covers showcase the new "trilogy" artwork. The string series was written especially for violin, viola, and cello. Each book features a piano accompaniment and a carefully crafted removable string part complete with bowings, articulations, and keys well suited for the Level 2-3 player. A fully orchestrated accompaniment CD, with demo tracks (featuring live string performances) and play-along tracks, completes each package. The string books are completely compatible with each other and can be played together or as solos. Due to level considerations, the string books are not compatible with the books in the wind series. Titles are the twelve major themes from the blockbuster trilogy: from *The Fellowship of the Ring*: The Prophecy \* In Dreams \* Concerning Hobbits \* Many Meetings \* The Black Rider; from *The Two Towers*: Gollum's Song \* Rohan \* Evenstar \* Forth Eorlingas; from *The Return of the King*: Into the West \* The Steward of Gondor \* Minas Tirith. This title is available in SmartMusic.
