Stunning Collectors EditionBy Benjamin DHaving only an old 1994 worn paperback edition of the Lord of the Rings, I wanted to purchase a version that I could read and display for many years to come. I did a ton of research and decided upon this version (ISBN 116-1749849-2513827), illustrated by Alan Lee and published by Harper Collins in June 2014 (I am adding these details because the .com site does not make it clear what this version is). Please note that this particular printing is NOT available in the US but any Tolkien or LotR devotee should not be deterred (Frodo wouldn't have been!). I must say that this is the finest published one-volume version of the LotR that I have ever laid eyes upon, and is well worth every penny. It includes approximately 50 high-quality color illustrations by Alan Lee, which even for a 30-something like me makes the reading experience exceptional. The front and back covers are made of durable, high-quality cloth (as shown), with a strong and handsome turquoise binding. The pages -- not just the illustrations but the entire book -- are glossy and made of "whiter" paper than you generally find, the margins large, and the typeset easy on the eyes.For those who care about such things, the printing is based on the 2004 corrected text, with even further corrections. There are updated introductions/forwards by Wayne G. Hammond Christina Scull, authors of the authoritative "LOTR Readers Companion," as well as by Douglas A. Anderson, who provides a detailed publication history of the Lord of the Rings. The full appendices are included.Two-page red and black maps of Middle Earth and of Gondor/Rohan/Mordor adorn the front and back covers, with a map of the Shire before the first chapter. Also present are other essentials such as the Doors of Moria and the Tomb of Balin. The only drawback is that the facsimile pages of the Book of Mazarbul was

not included, which I found to be surprising and a bit disappointing. Also, the ring inscription and the Gandalf "rune" are printed in black rather than silver and red. Probably the main issue is the clear plastic slipcover, which is barely bigger than the book itself, and it is difficult to slip the book back inside it after taking it out. You are more likely to scuff the corners of the book. That being said, these are far from dealbreakers, and the joy to be received from owning this edition far outweighs these issues. 368 of 403 people found the following review helpful. Very nice set of books for the price. Recommended. Read review and view pics for detail on font for pocket-sized "paperback." By B Very nice books, binding seems nice. I love the covers although they are not "paperback" and are more of a fake leather material. These books are beautiful and very convenient. They are pocket-sized which is great for on the go, they aren't too small or too big (actually bigger than I anticipated which is a plus). The font size is readable, the only thing I would have to note is that the font size isn't the same throughout the different books. The font size seems to be based on the length of the books, the longer the books are, the smaller the font is (I suppose this was in order to keep them pocket-sized as well as consistent with the sizes of the other books throughout the set). If you have decent to good eyes, this set would be perfectly fine for you on the go but those people who don't have as good of eye sight, because I know some people who tend to get headaches while focusing on small font, this set may not be for you. I will upload some pics of the font comparisons, books, etc. 117 of 127 people found the following review helpful. So many limits for kindle unlimited! By Hannah Chapman Why is only one of these included in my \$10 a month kindle unlimited? For \$120 every year, I would expect kindle unlimited to me a little less limited.

The original American full dramatization as broadcast on National Public Radio. In the ancient world of Middle-earth a place of elves and dwarves, orcs and wizards, the darkest evil and the brightest good a hobbit named Frodo Baggins embarks on a perilous quest: to carry the One Ring, ruler of all the Rings of Power, into the shadowy land of Mordor and destroy it in the fires where it was forged.

From Library Journal New Line Cinema will be releasing "The Lord of the Rings" trilogy in three separate installments, and Houghton Mifflin Tolkien's U.S. publisher since the release of *The Hobbit* in 1938 will be re-releasing each volume of the trilogy separately and in a boxed set (ISBN 0-618-15397-7. \$22; pap. ISBN 0-618-15396-9. \$12). Copyright 2001 Reed Business Information, Inc. "A unique, wholly realized other world, evoked from deep in the well of Time, massively detailed, absorbingly entertaining..." -- *The New York Times* "A unique, wholly realized other world, evoked from deep in the well of Time, massively detailed, absorbingly entertaining, profound in meaning." -- "Here are beauties which pierce like swords or burn like cold iron." -- C. S. Lewis "Exciting... Tolkien's invention is unflagging." -- W. H. Auden From the Inside Flap Frodo Baggins knew the Ringwraiths were searching for him--and the Ring of Power he bore that would enable Sauron to destroy all that was good in Middle-earth. Now it was up to Frodo and his faithful servant Sam to carry the Ring to where it could be destroyed--in the very center of Sauron's dark kingdom.
