**J. R. R. Tolkien : The Lord of the Rings The Hobbit** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Lord of the Rings The Hobbit:

0 of 0 people found the following review helpful. Not what I expected....By speakfriendI thought this would be the BBC production I heard on NPR so many years ago. That was a wonderful, quality production. This was not. Some of the voices were good, but most were not. They did not match the characters. In general, it sounded like one of those radio melodramas from the 1930's. This was dramatized, and thus was, by necessity, abridged. However, I thought it was poorly done, and did not flow smoothly. All in all, I did not really like this. Feel I wasted my money. Still want the BBC production I remember.0 of 0 people found the following review helpful. KMSBy Kathleen M MorrowGlad to have Tolkien on CD so I can enjoy the book on my travels.0 of 0 people found the following review helpful. Cowboy ThorinBy Olga CruzIt's the actual book, which is good. Since it's a recorded radio drama, it has background voices and sounds that add to the story. The only thing is that Thorin sounds like a cowboy and Elrond sounds like a wheezing old man.

Packaged in a beautifully designed slip-case gift box, The set gathers for the first time both The Hobbit and The Lord of the Rings in audio format. These are the original American dramatizations as broadcast on public radio. The packaging features original art from John Howe, renowned Tolkien illustrator and conceptual artist for the Peter Jackson film trilogy.

. . . spirited productions . . . stirring music . . .The Washington Post
