Lovely and Historic tarotBy gtpowellThis is a part of history that is coming through, the Cards are very beautiful indeed, along with the historic book enclosed,that teaches you about the life of Nostradamus who I love dearly. I think everyone who do Tarot, should have a copy fortheir archives. I will buy another copy for one of my sons birthday.Thank you and thank you Nostradamus.1 of 1 people found the following review helpful. Nice set for the priceBy Mme CruzI'm not crazy about the art but this set is a great deal for a

collection. The cards are actually of reasonably decent quality, and it comes with a full size book and nice box. There's no way I could get used to reading these cards, but I'm glad I bought them. 0 of 0 people found the following review helpful. Really Awesome! By Customer I can't believe the price! I expected just a pack of cards and a small paper book! I got a huge box with a large book! I finally got a deck that was different than the Wands, Cups, Pentacle/coins, and swords that you always find. Though they are kinda exactly the same still... I love that they're different. Each house has different face cards, which is really nice. For the price it looks like an attractive first deck for the poor college student who's looking for a deck to learn with. If you're new, I don't recommend it, just because it's kinda hard to use if you don't know the basics. If you've been doing this awhile, or have someone who is willing to teach you, then it'll be good.

This pack contains 78 full-color tarot cards as well as an illustrated instructional booklet. In 1994 a researcher working in the Italian National Library in Rome discovered a manuscript containing 80 mysterious paintings, believed to have been devised by the mysterious prophet Michael de Nostredame, better known as Nostradamus. The manuscript, never published in his lifetime, was handed down to his son who later presented it to Pope Urban VIII. After that it remained forgotten and neglected. A brief glance at these extraordinary images shows how heavily they draw on the symbolism of Tarot. It is the belief of Tarot experts, Matthews and Kinghan, that Nostradamus was designing his own set of cards, drawing upon the visionary insights gleaned from his prophetic writings and visions. Now this Tarot has been brought to fruition by two modern experts and its secrets revealed for the first time. Visionary artist Wil Kinghan and New York Times best-selling author and longtime student of Tarot, John Matthews have devised a deck which incorporates Nostradamus' own images, fully updated to make what will surely be judged one of the most important decks of this age.

"The methodical, yet creative, manner in which this deck was constructed gives us a tarot deck which is visually exciting, symbolically dense, and rich in esoteric wisdom from a time in which such teachings thrived. If you love tarot, this is a must-have." TarotWise.com blog "The coolest thing about this deck is the story behind it! In 1994, an undiscovered volume of Nostradamus' work was found. In it was the drawings for a Tarot deck that Nostradamus had been creating. The authors took those images and created The Lost Tarot of Nostradamus." The Daily Tarot Girl blog "This is a great deck for collectors. There's nothing else out there that is quite like it. The research and dedication to the project creates a great deal of depth and meaning that warrants respect and appreciation. This may not be a go to deck for regular readings, but its mysterious energy and information packed guidebook are a treat for Tarot lovers and collectors. If you are looking for a Tarot that isn't afraid to break the mold, this might be just the deck you are looking for." Aeclectic Tarot blog About the Author John Matthews has produced a number of successful divinatory systems based on early spiritual beliefs including the best selling Arthurian Tarot (with Caitlin Matthews and Miranda Gray), The Wildwood Tarot (with Mark Ryan and Will Worthington), The Green Man Tree Oracle (with Will Worthington), The Celtic Animal Oracle and Grail Tarot (with Giovanni Casselli). His book, Pirates, was No 1 in the New York Times Book and a best seller for 22 weeks in 2007. Wil Kinghan is a writer, artist and explorer of the Hermetic and Celtic traditions. He studied Archeology at University College Dublin, and Environmental Design at NCAD in the 1980s.
