Patricia Hackett : The Melody Book: 300 Selections from the World of Music for Piano, Guitar, Autoharp, Recorder and Voice (3rd Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Melody Book: 300 Selections from the World of Music for Piano, Guitar, Autoharp, Recorder and Voice (3rd Edition):

13 of 14 people found the following review helpful. This is a really outstanding collection of songs/melodies!!!By N. NorthI am a Music Therapist working with different populations. I havebeen using the 1983 edition of The Melody Book and was delighted to find a new edition, incorporating old favorites and adding new ones. The songs/melodies are wonderful selections, all singable, in appropriate keys, and are of such wonderful variety! As I looked through this

book time after time I thought, "THERE that song is! I've been looking and looking--and now I have found it!" I marvel at how much work must have gone into collecting these songs. The background notes are interesting and add to the enjoyment. Various movements/dances are in easy-to-follow format. As in the 1983 book, the index is also great! I wish I could afford to give this book to my music therapist friends. I will certainly recommend it! 1 of 1 people found the following review helpful. Full of a lot of fun tunes
By M Scott
I really love this melody book! It's a great place to pick up ideas and tunes. It is very basic, so don't expect a jazz fakebook or anything too fancy, but if you are looking for basic melodies for teaching or basic songwriting, this is it. 1 of 1 people found the following review helpful.
GREAT beginning music book
By M. Fechter
I had this book when I was in college, and somehow LOST it. I love the songs, and that it has the guitar chords in the back of the book. As soon as I found it for a decent price, I snatched it up!

The Melody Book is the most comprehensive one-volume anthology of quality songs plus instrumental instruction available for music education. This book draws from folk, ethnic, children's chants and school songs, dances and play songs, ballads, pop standards, secular and sacred songs, and music for different holidays combined with direct application to five instruments keyboard, guitar, baritone ukulele, soprano recorder, and Autoharp. Appropriate for anyone interested in Music for Children, Music for the Elementary Teacher, Recreational Music and Instruments, Guitar Class, Music for Special Needs, and Music Therapy.
