From Faber Music : The Mikado: Easy Piano Picture Book (Faber Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Mikado: Easy Piano Picture Book (Faber Edition):

0 of 0 people found the following review helpful. LOVE this Mikado book! By Jak C Fantastic arrangements of these favorite songs! Gorgeous illustrations and excellent telling of the Mikado story. Due to my family's long-time obsession with Gilbert Sullivan, I give a copy of this book to each new niece and nephew. I just wish Faber also offered a Pirates of Penzance!

Ever since its premiere just over a century ago, The Mikado has consistently held the stages as one of the world's best-loved comic operas. The story tells how Nanki-Poo, son of the Mikado, overcomes all opposition to marry his sweetheart Yum-Yum. On the way he encounters such unforgettable characters as Ko-Ko, the timid tailor unexpectedly promoted to the rank of Lord High Executioner, and Pooh-Bah, Lord High Everything Else, who is so proud that he refuses to lift a finger - except on payment of a small fee . . . This exquisitely illustrated Easy Piano Picture Book incorporates easy-to-play versions of the most famous songs from the show including Three Little Maids from School, The Moon and I and Tit-Willow. It will delight Gilbert and Sullivan fans of all ages.
