John K. Wilson : The Most Dangerous Man in America: Rush Limbaugh's Assault on Reason before purchasing it in order to gage whether or not it would be worth my time, and all praised The Most Dangerous Man in America: Rush Limbaugh's Assault on Reason:

0 of 0 people found the following review helpful. I happen to love Rush LimbaughBy Barb.SI'm such a dope. I thought it was a book written by Rush about Rush but I was wrong!!!! I happen to love Rush Limbaugh...not everybody does. It was interesting.0 of 2 people found the following review helpful. thank youBy Heinrichitem

arrived in excellent condition0 of 0 people found the following review helpful. insights even more poignant and disturbing todayBy JanieboopI highly recommend this book and found it offered very valuable insights into the situations we find ourselves in today.Limbaugh has had a formative role in creating the conspiracy theory obsessed, uninformed (and stunningly unaware of the depths of stupidity they have reached), deeply narcissistic (while projecting this outwards at imagined enemies) neo conservative / alt-right / what-the-fuck-is-with-these-people "republican" section of the population.If you want to understand what sort of person would be validated by Limbaugh, this overview of facts versus his increasingly delusional conspiracies (and bizarrely irrational propaganda), gives you a good sense of it.Limbaugh is a mirror of approval to all people who lack the reading comprehension and communication skills necessary to understand the words and ideas of others. This is the fundamental and critical ingredient to the increasingly unhinged left-against-right mentality we are witnessing in our society today.Look with care at the negative reviews for this book, tellingly Limbaugh listeners (they did not read the book, just are knee jerk brainwashed to protect Limbaugh from any criticism. They defend him on autopilot, the same way they absorb any claims Limbaugh makes, regardless of how warped, fabricated, and/or genuinely idiotic they are. This man operates as a cult figure while projecting that same accusation onto critics, citing democratic leaders as their cult figures. He has a cartoonishly polarized view of reality and encourages this in his followers. This book's existence is enough to rouse them into their never-ending battle against imaginary windmills. If they read the damned book they might realize that's what has happened to them).

Rush Limbaugh is the most prominent figure in the conservative movement today. With almost 20 million listeners every week on more than six hundred stations, Limbaugh has a larger media platform than any other individual in the nation. And this is why he is so dangerous. Despite refusing to uphold even the most basic standards of journalism, Rush has been given an extensive, wide-reaching platform with which to spew his venom. And spew it he does! In this book, author John K. Wilson uses the most damning evidence of allRush's own words to deliver the ultimate indictment of Limbaugh's bankrupt ideology and how it embodies the decline of the conservative movement. Wilson catalogs the world according to Rushfrom the political conspiracies to his disdain for scientific evidence and apparent love of racist, sexist, and homophobic stereotypesand shows how the radio personality poisons any rational political rhetoric with an endless stream of slurs, lies, and intimidation. Most revealingly, the author demonstrates how Limbaugh's blustering, baseless proclamations and love for savage, personal attacks have had a chilling effect on both parties, as he viciously targets not only liberals but also any Republican who dares question one of his conclusions. Meanwhile, Rush's viselike grip on the political arena has created a media monster so powerful that even liberal commentators are forced to engage with him and his polarizing discourse.The Most Dangerous Man in America reveals Rush Limbaugh to be just that. No matter what you thought about the man before, you will never feel the same way about him again.

"No matter what you think you know about Rush Limbaugh, be prepared to discover that he is even more evil and more dangerous than you ever imagined. John Wilson unmasks Americas leading conservative as a shallow thinker, intolerant bigot, and congenital liar. And thats just for starters."--Bill Press, host of The Bill Press Show and author of Toxic Talk: How the Radical Right Has Poisoned Americas AirwavesNo matter what you think you know about Rush Limbaugh, be prepared to discover that he is even more evil and more dangerous than you ever imagined. John Wilson unmasks Americas leading conservative as a shallow thinker, intolerant bigot, and congenital liar. And thats just for starters.Bill Press, host of The Bill Press Show and author of Toxic Talk: How the Radical Right Has Poisoned Americas AirwavesPraise for Barack Obama: This Improbable QuestEssential reading for anyone wishing to try to make more sense of contemporary American presidential politics and social policy. Highly recommended for all libraries.Library JournalA thoughtful look at what Obamas candidacy means.Booklist
