**Frank Longo : The Nastiest Sudoku Book Ever** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Nastiest Sudoku Book Ever:

0 of 0 people found the following review helpful. Not as difficult as Longo's "Black Belt Sudoku"By Happy in AZI've completed most of the puzzles in Longo's "Black Belt Sudoku". I was looking for a book with a lot of puzzles in the same difficulty level. I enjoy "The Nastiest Sudoku" but it doesn't seem like any of the puzzles, even at the end of the book, are as difficult as "Black Belt". That's disappointing. If anyone can tell me about a book I can get that is as

difficult as "Black Belt" I will buy it.0 of 0 people found the following review helpful. Good deal!By gloria gesztesyThis has a sufficient number of challenging puzzles to keep me occupied for quite a while -- thereby making it a good investment for my own amusement. I have completed several of these books and hope they continue printing it -- one can do it repeatedly because one normally cannot remember if one has done a particular puzzle or not. A good deal for a sudoku enthusiast.3 of 3 people found the following review helpful. some serious challengesBy AngelsshopperFinally I've found a Sudoku book that rivals Paul Stephens' 'Sudoku Addict's Workbook'. It is hard to get a book with just very difficult and challenging puzzles in it, skipping the easy one that take up space in the beginning of the book.

Only diehards need apply! These incredibly difficult sudoku are made to challenge even the most expert solver and strain their brains to bursting. Each puzzle requires upper-level strategies that have been honed to perfection from regular practice. Designed by powerhouse sudoku creator Frank Longo, they'll have dedicated fans tearing their hair out-and loving every moment.

About the AuthorFrank Longo is a freelance puzzle creator who lives in Hoboken, New Jersey. He has had more than 3,000 puzzles published since 1993 and written many books for Sterling, including Master Ninja Sudoku, Beyond Black Belt Sudoku, and Beach Blanket Sudoku, as well as crossword books. He is known for being able to produce sudoku that are diabolically difficult, yet fair, requiring the solver to use advanced techniques not found in typical newspaper and magazine puzzles.
